PROFESSIONAL EXPERIENCE

Frontend Engineer — InsuranceMarket.ae (Remote, Dubai)
Mar 2024 – Present

- Built and maintained a dual-application insurance platform: 270+ page SEO driven content app plus a transactional insurance e-commerce system.
- Implemented Next.js rewrites at infrastructure level to route users between static content and transactional flows.
- Migrated core platform from Next.js 12 to Next.js 15.
- Integrated WordPress as headless CMS with ISR and revalidation, enabling content updates without rebuilds.
- Designed build-time and on-demand data fetching for performance and freshness.
- Implemented internationalization (i18n) using next-intl, optimized via server side, page-wise translation loading.
- Built insurance flows for lead submission, advisor assignment, plan comparison, add-ons, payments, and document uploads.
- Integrated AI-powered OCR for document processing during onboarding.
- Improved SEO, payload size, time-to-first-byte, and runtime performance.

Frontend Engineer — Finosys (onsite)
Feb 2023 – Mar 2024

- Developed and maintained ERP dashboards for procurement and HR modules.
- Built data-intensive React interfaces for enterprise clients (e.g., Dawlance).
- Focused on performance optimization, analytics-driven UI updates, and reusable components.

React Native Developer — Chaynz Tech
Jul 2022 – Jan 2023

- Built a multi-role food delivery mobile app (vendor, customer, rider).
- Integrated REST APIs, push notifications, Google Maps, and QR features.
- Delivered MVPs for startups and university-affiliated projects.

Frontend Intern / Junior Developer — Linkit Soft
Jun 2021 – Nov 2021

- Contributed to production frontend modules as a React intern.
- Built UI components using React, Redux, Tailwind CSS, and REST APIs.
- Supported API integrations and feature delivery.

EDUCATION

NED University | 2023 – 2025
Master of Science in Computer Science

NED University | 2018-2022
Bachelor of Science in Computer Science
